Course Summary

Aged 19 or over? Do you need a second chance to start your GCSE Maths in 2024? Study a fast track GCSE Maths course with Bradford College. Starting in February 2024, we are offering a 15-week fast track course in GCSE Maths that will support your route into University or employment. Study with experienced, highly qualified subject specialists who can support you to prepare for the May/June exams. This course is free if you do not already have a GCSE Maths grade 4/C or above.

What You Will Learn

The AQA GCSE Maths course aims to develop your skills and knowledge in Number, Algebra, Ratio, Proportion, and Rates of Change, Geometry and Measures, Probability, Statistics and much more.

Modules

Entry Requirements

You will be given an initial assessment to check your starting point and determine your suitability for this course. If you are unsuccessful in securing a place on GCSE Maths due to gaps in knowledge, you may be guided towards enrolling in Functional Skills Maths. As this is an intensive course, your attendance for 6 hours each week over two days is mandatory and you must complete additional work outside of class time.

Assessment

Assessment of your progress is throughout the course. However, you will be assessed by three externally marked exams in May/June. It's important to note that these dates are fixed and set nationally, so they cannot be changed.
