

# Foundation T Level Construction

Subject Area	Construction
Course Type	School Leavers
Study Level	Level 2
Delivery Mode	Full-time
Location	Trinity Green
Duration	1 Academic Year
Start Date	September 2025
Course Code	

## Course Summary

---

Get hands-on knowledge and experience in through this Foundation to T Level programme. You will understand key concepts such as construction processes, building technology as well as how you can apply your knowledge to practical situations. This course will lead you to our T-Level in Design, Surveying & Planning for Construction. If you're a School Leaver, aged 16 to 19, this course is your perfect stepping-stone to gaining real-world experience and knowledge needed to work in Construction. This course will be tailored to your needs and offer you the support and guidance that you need to progress onto further T Level study or work in the construction industry.

## What You Will Learn

---

This course will prepare you to work in the Construction industry. This is a 1-year course and is a 2.5 qualification and is designed to support students in being fully equipped to progress to a full T Level course. Upon achievement of this qualification, you will be able to complete the full Construction T Level.

## Modules

---

The course will consist of **five core components**: – **Diagnostic and guidance support** – At the start of the programme, individual students' support needs are assessed and the course is then tailored to those needs. – **English and Maths** – If students do not hold a grade 4 GCSE in both Maths and English, this course will aid those students to obtain the required grades. – **Work experience preparation** – Students will be mentored to develop the behaviors, skills and confidence needed to complete the industry placement. – **Introductory technical skills** – Through these technical skills, students will be able to prepare and understand the route that they wish to choose towards T Levels. – **Pastoral support and personal development** – Students are supported in all aspects of their health, as well as building up key personal skills such as resilience and motivation.

## Entry Requirements

---

This course is for School Leavers, aged 16 to 19. If you do not have a grade 4 GCSE in Maths and English, this course will help you to obtain the grades required for further T Level study.

## Assessment

---

This course will make sure that you are equipped with all the necessary technical skills, experience and attitudes to work in the construction sector. Your mentor will assess you throughout the course to make sure that you will successfully progress from this course onto further T Level study or into work.

## Progression

---

Successful completion of this course means that you will have gained the necessary experience and skills needed to progress onto further T Level study on your chosen route.
